

IHOR MELNYCHENKO

Web Developer

CAREER SUMMARY:

Web developer with experience in PHP, MySQL, JavaScript, HTML, and CSS. Skilled in creating dynamic websites, optimizing performance, and working with databases. Proficient in object-oriented programming and responsive design. Developed and maintain a personal blog focused on energy efficiency. Quick learner, team player, and passionate about building user-friendly and efficient web solutions. Seeking an opportunity to contribute my skills and grow as a professional.

WORK EXPERIENCE:

Technomatix

Course Developer | 19 June, 2019 – 01 August 2021

- Development of interactive electronic training courses.
- Layout of educational materials (HTML, CSS, JavaScript, Articulate Storyline, Lectora).
- Integration of multimedia content (videos, animations, tests).
- Cooperation with designers and methodologists to create quality content.

Technomatix (Moco)

Junior Web Developer | 01 August, 2021 – 01 March, 2022

- Development and support of the LMS platform for managing educational content.
- Layout and optimization of the platform interface (HTML, CSS, JavaScript).
- Scorm/xAPI integration to support e-learning standards.
- Optimizing platform performance, improving download speed.

RELEVANT PROJECTS:

SolarMind

Own project

Developed and maintain SolarMind, a blog dedicated to energy efficiency and sustainability. Built using PHP, MySQL, JavaScript, HTML, and CSS. The blog features dynamic content management, user authentication, comments, and an admin panel for post moderation. Implemented pagination, image uploads, and a statistics system to track views and interactions. Continuously improving functionality and optimizing performance for a better user experience.
